

WOODLAND WANDER LEAF CHECKLIST!

Did you know there are over 60,000 species of tree across the planet? The UK is home to only a small selection of the ancient giants, we've put together a list of the most common trees and how you can identify them by their leaves!

As you're wandering about the woodlands in your wellies why not see if you can spot the different trees by using this unbe-leaf-ably handy checklist?

You could even make a tally chart to show how many of each type of tree you find!
