Arrival & Parking Facilities

- The cottage is 1 mile from the main road at Zennor, accessible by an uneven, single lane farm track with occasional passing places. It is hard packed granite at the beginning but changes to twin tarmacadam paths with grass centre (*single lane still*) about halfway. The parking area is a compacted granite chipping and earth hard standing and is located in front of the garage. Natural boulders have been placed on the grass beside the driveway to prevent cars from being parked on the grass.

Getting in (and out) of the cottage

- A granite chipping pathway leads to lines the front lawn, parking area and continues around the cottage to the rear garden. The combination key safe for the front door is on the wall to the left of the door.
- There is an outside light but it is recommended to bring a torch to set the correct lock combination on arrival. Keys to be returned to safe on final departure.
- There is a 200mm granite step up to front door which is 800mm wide and opens inwards.
