

## Sizergh Access Statement

Sizergh, Near Kendal, Cumbria, LA8 8AE

T: 015395 60951

E: [sizergh@nationaltrust.org.uk](mailto:sizergh@nationaltrust.org.uk)

SatNav: LA8 8DZ

### Introduction

1. Beautiful medieval house, extended in Elizabethan times, surrounded by gardens which include ponds and a sunken limestone rock garden. Public rights of way and permissive footpaths give access to the wider, tenanted farmland of the estate.
2. There is reasonable mobile phone reception across most of the site.
3. Assistance dogs are welcome across the whole site. Other dogs are welcome on the estate but need to be under control near livestock. They are not allowed in the house, or garden. Well behaved dogs are allowed in the shop and café.
4. Light levels in the House are kept low to protect the collection from light damage.
5. Rucksacks and other large items need to be handed over and stored at the house entrance to prevent damage to the collection.
6. One powered mobility vehicle and three manual wheelchairs are available for loan at Visitor Reception.

### Arrival & Parking Facilities

1. There are brown signs from the M6, A591 and A590 giving directions to Sizergh. The main entrance is also signed.
2. There are two speed humps on the drive leading to the car park. Each speed hump is approximately 2.5 inches high.
3. The car park is at the end of the main driveway, to the left of the House. There are nine designated parking bays for disabled visitors in the main car park. These are on a firm, tarmac surface and are closest to the Visitor Centre.
4. The main car park has a tarmac surface, with slate-chipped parking bays. It contains a grassed central area which is crossed by a slate –chipped path. This area contains picnic benches. An overflow car park is available for use on busy days. This has a grass surface and is reasonably flat.
5. It is possible to drop visitors off outside the Visitor Centre if all designated parking bays are full.
6. Cycle racks are available alongside the Visitor Centre.

### WCs

1. The café toilets are situated at the entrance to the Visitor Centre and include an accessible toilet.
2. The accessible toilet is 1.5m x 2.2m, has left hand transfer and is lit by fluorescent bulbs.
3. The main toilet block is situated in the Old Forge building, to the right of the House.
4. The accessible toilet contains paper towels for hand drying and all non-accessible toilets contain automatic hand driers. Baby changing facilities are situated in the accessible toilet.

## Visitor Reception

1. Visitor Reception is situated in the Visitor Centre which can be found in the main car park. This building is open plan.
2. Entrance to the Visitor Centre is by three steps or by a 12 metre long ramp to the left of the steps. The ramp has a gradient of 1:30.
3. All entry and exit doors are non-powered opening, 151cm in width, opening outwards to 90 degrees. Staff and volunteers can assist with opening doors if required.
4. Wood flooring runs throughout the building and the area is lit by both natural and artificial lighting.
5. The reception desk is 76cm in height. Chairs are available for visitors who may find queueing difficult.
6. An Induction Loop is available at the reception desk.
7. One powered mobility vehicle and three manual wheelchairs are available for loan at reception. The powered mobility vehicle is pre-booked online through [www.lakedistrictmobility.org/sizergh](http://www.lakedistrictmobility.org/sizergh) in advance of a visit.

## House

1. From Wednesday to Sunday, entry to the House is via the graveled courtyard.
2. The Courtyard entrance to the House is 180m from the Visitor Centre.
3. The graveled courtyard in front of the House is used by pedestrians as well as the donor family and their guests gaining access in their vehicles. Delivery drivers use the tarmac pathway to the House.
4. Courtyard entrance: The entrance to the House is through a door 240cm in width.
5. There are no steps at the entrance. There is however, a low threshold board. A wheelchair ramp is available on request.
6. Upon entering the House there is a secondary doorway 100cm in width. There are no steps and the floor surface is made of wood.
7. Access to the first floor is up 26 steps, each approximately 15cm high. There is a handrail on either side of the staircase. There is no ramp or lift available and there is no alternative level entrance. Access to the Upper Hall, Stone Parlour, Drawing Room and Linenfold Room are on the same level. Most of the floor surface is carpeted and there are soft furnishings keeping sound echoes to a minimum.
8. Access to the Dining Room and Queen's Room on the first floor is up 2 steps, each approximately 15cm high.
9. Access to the Library is down one step approximately 20 cm deep from the Garden Lobby on the first floor.
10. Access to the Chapel is up one step approximately 5 cm high, from the Library. (The chapel is currently closed to the public).
11. Lighting is both artificial LED and natural, and kept at a moderate to low level to protect the collection. Interiors are naturally dark owing to the original oak panelling installed throughout the House.
12. There are two narrow corridors located in the House, one measuring 100cm and the other 85cm.
13. There are no visitor toilet facilities in the house. The nearest facilities are in the Old Forge building.

# National Trust

14. We advise that rucksacks, large bags etc. are left in their owners' vehicles. We may ask you to remove your rucksack or large bag upon entry to the house. We ask that prams are left in their owners' vehicles or on the ground floor of the House.
15. Powered mobility vehicles can be accommodated on the ground floor of the House. They cannot be accommodated throughout the rest of the House due to steps, narrow corridors and restricted turning circles. Small personal wheelchairs can be accommodated on the ground floor and first floor, first floor access is granted if the wheelchair user can manage the 26 steps between the ground and first floor.

## Catering

1. The café is situated in the Visitor Services building which can be found in the main car park. This building is open plan, with wooden flooring and both natural and artificial lighting. Exterior surfaces consist of tarmac and wooden decking. Entrance to the café is via steps or ramp. All doors are non-powered opening, 151cm wide, opening outwards to 90 degrees.
2. The counter is 89cm high, with a facility to hold trays running the full length of the counter.
3. Catering staff are available to assist with service and carrying trays.
4. An Induction Loop is available at the till point.
5. There is both interior and exterior seating. Tables can be re-arranged to accommodate wheel chair users.

## Retail

1. The shop is situated in the Visitor Services building which can be found in the main car park. This building is open plan, with wooden flooring and both natural and artificial lighting. Exterior surfaces consist of tarmac and wooden decking. Entrance to the shop is via steps or ramp. All doors are non-powered opening, 151 cm wide, opening outwards to 90 degrees.
2. The counter is 76 cm in height with a wheel chair refuge to the right of the till. Staff and volunteers are available to assist with lifting and carrying goods if required.
3. An Induction loop is available at the till point.
4. There is circulation space between fixtures and tables of 120cm to allow the use of powered mobility vehicles and wheel chairs throughout the shop and staff are available to assist with reaching down items to view if the cannot be reached by customers.

## Garden

1. There is a map available at Visitor Services showing routes around the garden with the severity of the slopes indicated. There is a route around the garden which is all on one level and takes in most of the key areas
2. The majority of the paths are made up of limestone chippings, some paths are bark mulched. Grass paths have been reinforced with a geotextile to aid access.
3. Spring and summer access into the garden is down a gravel slope of 1:25, this leads on to a grass path before reaching a gravel path. An alternative entrance is open all year round and omits the grass path.
4. There are two flights of steps down to the lower terrace which overlooks the Mirror Pond; in total 20 steps. There is no handrail. There is gravel slope leading to the hot wall and at the far end, 12 stone steps lead back on to the grass area.
5. There are no gates on the route.
6. There is interpretation in the garden on chalk boards.
7. There are seats in the garden, during winter the metal seats remains in the garden and the wooden seating is stored.
8. There are 3 water features in the garden. The dipping pond has a deck; the Limestone rock garden has a stream winding through in to the largest body of water, the Mirror Pond.
