

Our general bikes and accessories are hired on a first-come, first serve basis. However, accessible bikes can be reserved by calling the Outdoor Hub on 01909 511025, or the main office (Monday – Friday) on 01909 476592.

Discover more of the park with our accessible cycling fleet. We have a number of non-standard cycles for inclusive cycling. These include an electrically assisted wheelchair cycle, a side by side bike and adult trikes. These can be booked in advance.

Accessible cycling

We have a wide range of mountain bikes available for hire to suit all ages and sizes. These include trailers, dog trailers and tag-a-longs, as well as child bikes, bikes with child carrier seats and balance bikes.

Our Cycle Hire is open at weekends, bank holidays and during Nottinghamshire school holidays.

The most up to date opening times can be found on the Clumber Park website and the National Trust app.

If you have an accident or breakdown, please contact a member of the team. Please let us know your specific location using What3Words.

**Call 01909 511025 at weekends or
01909 476592 during the week.**

Clumber Park Cycle Routes

Welcome to Clumber Park. Our multi-user cycle trails extend over 20 miles across this magnificent 3,800 acre estate.

The routes can be followed in any direction, from any point in the park. Simply follow the relevant coloured arrows or way markers.

Trail Route 1: Lakeside

Distance: 7.5km (4.6 miles)
Ascent: 60 metres (194ft)
Approximate time:
45 mins – 1 hour.

Our most popular family route, suitable for all abilities. On good shale tracks and traffic-free roads, this can be ridden in both directions. Stop and refuel at Lake Brew by the lake at Hardwick village.

All distances, times and measurements are approximate.

Trail Route 2: Southern

Distance: 10.5km (6.5 miles)
Ascent: 92m (302ft)
Approximate time:
60 mins – 90 mins.

A well-liked route taking in the south side of the lake, suitable for families and young riders. This route has some longer climbs and takes in the Robin Hood Way. It uses good shale tracks and traffic-free roads. Enjoy a refreshment break at Lake Brew in Hardwick village. **Not suitable for bike attachments, trailers and accessible cycles.**

Trail Route 3: Northern

Distance: 13.5km (8.3 miles)
Ascent: 123 metres (403ft)
Approximate time:
90 mins – 2 hours.

For the more adventurous, this route explores the northern fringes of the park. It includes single-track trails through wooded areas of the estate and includes riding on and crossing roads which can be busy at times. In wet weather, sections can become muddy and slippery so care should be taken. There are some ascents and two cattle grids. **Not suitable for bike attachments, trailers and accessible cycles.**

Trail Route 4: Borders

Distance: 16.4km (10.1 miles)
Ascent: 147 metres
Approximate time:
2 hours – 2 hours 30 mins.

Our longest marked trail route takes in the borders of Clumber and is suitable for more physically confident riders. It includes some beautiful wooded single track trails, riding on roads with traffic and short steep ascents. Parts of the trail can be muddy in wet conditions. **Not suitable for bike attachments, trailers and accessible cycles.**
