

# The great Easter scavenger hunt

## 1 Find three baby animals you'd see in spring.

Look for animals around the house. Do you have a baby rabbit cuddly toy or a little lamb?

## 2 Find something to make a cosy nest.

## 3 Find an Easter recipe.

Make an Easter feast to treat your family.

## 4 Find a reminder of a great day out.

Maybe you've got a photo, postcard or letter from a special day. Share your story with us.

## 5 Find something to wear as an Easter bonnet.

Have fun with your family this Easter while you're all indoors and staying safe. This scavenger hunt was created with the help of our members to bring spring activities to you. Why not take up the challenge as a family and see who can work through the list the fastest?

This scavenger hunt has been designed so you don't have to meet up with people you don't live with, so please take part from the comfort of your own home.

Thanks to National Trust members Deborah, Janice, Karen, Rex and Rodger for suggesting these ideas.

## Find the smell of spring.

6 Is it freshly cut grass or the smell of hot cross buns? Describe the smell in a sentence or poem.

8 Find three leaves with different shapes.

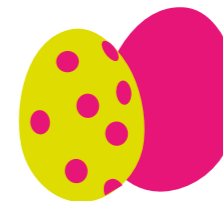

Look for leaves on wallpaper or on a houseplant. Can you sketch or paint them?

## 7 Find objects to create a rainbow of colour.

9 Find three egg-shaped objects.

10 Find the oldest and newest object in your house.

We'd love to see what you've been finding around the house together. Share your scavenger adventures and creations with us on social media.
