

Highertown Farm campsite 2017

Highertown Farm Campsite is a small, basic site in the quiet village of Lansallos in South East Cornwall.

It sits 3/4 mile up from a secluded beach and is surrounded by open country and farmland.

On arrival Please use the self registration box to get your 'tent tag' and to post any payment. Then find yourself a suitable pitch, wherever there is space, following the instructions on the welcome board. There are no fixed pitch sites so please leave a six metre gap (20 feet) between each tent, even if the tent next to you is yours! *You can measure this by approximately seven good strides.*

You will be asked to move your tent(s) if they are too close together.

Please respect your neighbours while setting up. There is a public footpath running across the bottom of the campsite, between the churchyard wall and a small line of young trees, so please leave space for this.

Where things are

The flush toilet and shower can be found in the low building to the left of the granite steps. The disabled toilet and shower, indoor washing basins are to the right of the granite steps. The compost toilets and outdoor basins are towards the gate into the nearby field. Recycling bins and waste facilities are through the gate between the road and the camping barn. Two standpipes can be found by the outer hedge in the campsite. In case of emergency, a raised box containing two fire extinguishers is situated nearby.

Caravans

Small caravans and campervans are welcome on site. But please note the campsite is accessed by narrow single track lanes with passing spaces, so the maximum length best advised is 20' (approx 7 metres).

Fires and Barbecues

Fires are not allowed on the campsite. Barbecues are allowed provided they are kept off the ground and closely supervised. Please use one of the stones provided to raise disposable barbecues off the ground; you'll find them by the fire point.

Dogs

Dogs are welcome on the campsite provided they are kept under control, always on a lead and do not cause a nuisance to other visitors. Please do not exercise dogs in the nearby farmer's field and always clean up after your dog.

Noise

We expect campers to respect the property and that of other campers.

A quiet site policy is in place to avoid excessive noise at all times and to be quiet between the hours of 11pm and 7am.

(Those who do not comply may be asked to leave the site.)

Group Bookings

We welcome group bookings outside of high season. Family groups and adult groups are also welcome any time.

We regret that we cannot have groups of under 21 year olds.
