Grazing animals are an important part of vegetation management on the vision project. This includes tenant cattle or our own Highland Cattle and Konik Ponies.

On un-segregated routes the path is not separated from the livestock so you have to walk through them.

On other paths there are crossing points for the livestock with cattle grids and gates, please take care and close the gates behind you. For advice on walking through animals, please see our leaflet “Ambling with Animals”. Available to download or from the visitor centre.

As a charity the National Trust relies on the generosity of its supporters to continue caring for our countryside and wildlife so that everyone can enjoy the beauty of the outdoors for generations to come.

Please show your membership card at the visitor centre if you are passing.

The Wicken Fen Vision is an ambitious 100 year project by the National Trust to establish a nature reserve stretching from Wicken Fen to Cambridge. By creating a mosaic of different habitats, it will secure the survival of threatened wildlife. It will also form a vast area of countryside for recreation.

Plans are in place for a new multi-user bridge over Burwell Lode to allow cyclists, Horse riders and pushchairs to cross. It will also allow the Highland Cattle and Konik Ponies to move across the lode.

An artists impression of the bridge:
National Trust Recommended routes only, other PROW are available. Permissive routes are subject to closing. Contains Ordnance Survey data © Crown Copyright and database rights 2013

Be aware that these are multi-user paths and will also be used by horse riders and cyclists. Please show respect to other users.

Footbridge only. Not suitable for horses. Cycles must be carried.
